

September 2024

We have had such a busy month in Blossom Nursery.

The children have been having lots of fun exploring our classroom and outside environments. We have been listening to the adults, following instructions and routines and making friends.

Some of the children have been working with Mrs Young to join in with Tizzy Time, they have been great at bringing our homework folders back to school and have had fun learning at home with our grown ups! Thank you for returning the library books weekly.

There have been lots of listening walks to recognise environmental sounds around us and the children should be able to tell you about these walks.

We are looking forward to seeing how the children progress over the year,

Things to do at home:

- \* Read lots of stories and talk about the books. Ask your child questions about the story.
- \* Get creative and supervise your child using scissors. Let them glue and stick and make something!
- \* Talk about the days of the week and the weather. We do this daily.
- \* Look at numbers in the environment –door numbers, count trees, birds, flowers etc

Below are some questions to encourage your child to chat to you while out in the woods.

**WALK & TALK**  
Supporting children's communication and language

### In the Woods

What can you see? Comment to your child about what you see and listen to their responses.

I wonder what that smell could be? – wild garlic, flowers, wet soil, wet grass.

What can you touch? Can you touch the tree trunk? The bark feels – rough/smooth, warm/cold.
